

~ MUL to increase railcar portfolio from 5,000 units to 25,000 units over next four years

~~ 6,000 railcar multi-year order with deliveries through 2020

~~ MUL and Greenbrier enter into exclusive manufacturing relationship for 6 years

~~ MUL Greenbrier Management Services formed to exclusively manage MUL railcars

LAKE OSWEGO, Ore., June 1, 2017 /[PRNewswire](#)/ -- The Greenbrier Companies, Inc. (NYSE:GBX) and Tokyo-based MUL today completed agreements to expand their existing commercial relationship in North America consistent with the parties' Memorandum of Understanding announced in April. MUL intends to grow its portfolio from 5,000 railcars to a total of 25,000 railcars over the next four years. As part of these growth plans, MUL has entered a multi-year purchase commitment for 6,000 newly-manufactured railcars from Greenbrier, with deliveries commencing during the fourth calendar quarter of 2017 and continuing through 2020. Further, MUL will obtain all its newly-manufactured railcars exclusively from Greenbrier through 2023. In addition to the new equipment ordered, over the next several years, MUL will supplement its portfolio growth through a combination of lease syndications and used equipment originated and owned by Greenbrier. The combined value of these transactions exceeds \$1 billion.

The parties have also formed MUL Greenbrier Management Services, LLC, a new railcar management services entity owned 50% by each company that will solely manage all railcars in the MUL fleet. Greenbrier will receive continuing fee income related to the ongoing railcar asset management services provided for the MUL fleet.

"Greenbrier is pleased to extend its business relationship with MUL with these recently signed agreements and the formation of MUL Greenbrier Management Services. This expanded relationship with MUL demonstrates our earned reputation of providing tailored solutions to our customers. We take pride in the series of transactions we have completed with our friends at MUL and look forward to our continuing work together," said William A. Furman, Chairman and CEO.

MUL President & CEO Tadashi Shiraishi said, "MUL has set an ambitious target to

increase MUL's market share to a level that places it among North America's top 8 leading operating lessors of railcars. We value Greenbrier's ability to build high-quality freight railcars and assist MUL with high-value railcar management services to support MUL's rapidly expanding fleet."

About Greenbrier

Greenbrier (www.gbrx.com), headquartered in Lake Oswego, Oregon, is a leading international supplier of equipment and services to freight rail transportation markets. Greenbrier designs, builds and markets freight railcars in North America, Latin America and Europe. We also build and market marine barges in North America. We manufacture freight railcars in Brazil through a strategic partnership in which we hold a majority interest and produce rail castings through a separate Brazilian partnership. Greenbrier also has a majority stake in Greenbrier-Astra Rail, an end-to-end, Europe-based freight railcar manufacturing, engineering and repair business. Through our European manufacturing operations, we deliver U.S.-designed tank cars to Saudi Arabia. We are a leading provider of wheel services, parts, leasing and other services to the railroad and related transportation industries in North America and a supplier of freight railcar repair, refurbishment and retrofitting services in North America through a joint venture partnership with Watco Companies, LLC. Through other joint ventures, we produce rail castings, tank heads and other railcar components. Greenbrier owns a lease fleet of over 8,000 railcars and performs management services for over 266,000 railcars.
